## 1 Introduction

There is a theory which states that if ever anyone discovers exactly what the Universe is for and why it is here, it will instantly disappear and be replaced by something even more bizarre and inexplicable. There is another theory which states that this has already happened.

I write something at github! I write some other thing at overleaf! I write something on my PC! I change something at overleaf!

## 2 Conclusion

“I always thought something was fundamentally wrong with the universe” [1]
